Their small but chic shop on Lexington Avenue in New York is a veritable treasure trove of custom linens. If you want to put together the perfect bed from top to bottom this shop is the secret answer. If Oprah isn't sleeping on these sheets she should be!

The sheets are custom made so you can pull a look and feel together simply and create a stunning bed that is divine to look at and even better to sleep in. There is so minimum order at this palace of bedding, so if you only want two shams - not a problem.

You can order the linens on line, but if you are in New York you must treat yourself to the sensual experience of these linens. Tell Lupe and Fabrizio that Erin Ferucci sent you. And now my secret is out!
